EARNING OUR STRIPES SINCE 1962

# 2026 SHELBY GT350

Based on Performance Package, Active Exhaust 2026 Mustang GT Fastback

Over six decades ago, the Shelby GT350 redefined performance and ignited a new era in motorsports. Shelby American transformed the 1965 Mustang into an international icon—a legacy that continues stronger than ever.

For 2026, Shelby American has elevated the GT350 to its most powerful form yet. Built on the foundation of a 5.0L V8, the GT350 offers two exhilarating options: a naturally aspirated 480 horsepower version and a supercharged beast delivering up to 810 horsepower. Every model is enhanced with Shelby engineered upgrades in suspension, exhaust, and aerodynamics, ensuring precision handling and raw power for both street and track.

Production remains limited. Own a piece of history and experience the spirit of American performance with the Shelby GT350.

## Performance

- 810 horsepower supercharger system\*
- Shelby by Borla cat-back exhaust and tips
- Front and rear lowering springs
- Front and rear sway bars
