# SHELBY F-250 SUPER BAJA | *Based on the Lariat trim, 4x4, F-250 SuperCrew chassis with a 6.7L High Output Powerstroke*

The All-New 2026 Shelby F-250 Super Baja takes Ford's world class Super Duty platform to the next level! Built for drivers who demand extreme performance without sacrificing capability or comfort, Super Baja is engineered to conquer every terrain with confidence.

The truck features a Shelby-proprietary full suspension lift system with KING Race Series 2.5 adjustable front coilovers and rear piggyback shocks with finned reservoirs for smoother performance and improved cooling. Dual steering stabilizers, tubular radius arms, and massive 37-inch BFGoodrich tires deliver control and stability whether navigating the street, rocky trails, desert sand, or snow-covered roads.

Super Baja's exterior presence is unmistakable. High-clearance front and rear bumpers by Addictive Desert Designs, a new air-induction hood, painted fender flares with marker lights, Baja bed chase rack with a power-actuated LED light bar, and full Shelby striping and graphics set this truck apart from anything else on the road-or off it.
